Broomfield, CO 80020

WITH

BROADWAY CONNECTION is the leading provider of Broadway level training and performing arts education in the country. Our faculty includes performers, choreographers, directors and agents from every Broadway production and National Tour who are excited to teach and share their experiences with aspiring artists. We are thrilled to bring the students of Grace Studios a Musical Theatre Master Class with one of our fantastic Broadway Connection teachers currently touring with the Broadway tour, *Billy Elliot!* Students will learn cutting edge choreography hot off the Broadway stages, they will receive insider advice on auditions and performing and they will have the opportunity to perfect their technique with skills learned from a current Broadway performer. Students will be inspired to reach their dreams when working with Broadway's best!
