

October 2020 - GSSD NEWSLETTER

Registration is now closed for all recital and company classes until January, 2021 and the drop/add deadline has passed. We will open up registration for new students in January.

FALL COSTUME FEES
and OCTOBER TUITION ARE DUE!

(We prefer a check for your costume fees, please). If you don't have a costume fee for a specific class, these charges will be added next week.

Costumes will start coming home later this month and next...Please be sure to label all parts of your costumes, then hang them up and do not wear them until Recital Week!

Our 19th Annual Holiday Spectacular Recitals will be here before you know it!

We are working hard to finalize our performance plans (as we are unable to use the Pinnacle this December). But the dancers will perform onstage 12/3-12/6! Specific call times and location will be announced soon!

RECITAL PICTURES will be taken at the venue.

#TBT to last year's Holiday Spectacular @The Pinnacle

RANDOM NOTES:

1. Attire...Wear proper dance attire to each and every class (including pulling your hair back). Also, label all shoes! Wear your mask when you're in the building.
2. Stay hydrated...bring a water bottle to class. We do have Eldorado Water Coolers, but would love to eliminate our cup usage. Label those water bottles, too!
3. Stay home if you're feeling sick - We can ZOOM you in. Remember, we've got to protect each other and err on the side of caution. Let's keep dancing together!
5. Have fun and soak it up...Dance is a wonderfully amazing, fun, challenging thing...ENJOY and work hard! The more you put into class, the more you'll get out of it.

...a friendly reminder

PLEASE, Drive SLOWLY and PATIENTLY in the parking lot. We are using all of our exterior doors, so please enter the lot cautiously. THE SAFETY OF THE DANCERS is our number one priority.

THANK YOU!

Thank you so much to our awesome Grace Studios Community, Teachers, Families, Dancers and Parents for supporting us this season. You all have been great about wearing your masks, bringing your own H₂O, giving each other space, and letting us know when you need to ZOOM into class. We are so grateful to you all for making these fall classes go smoothly. THANK YOU!
